

# 39291QLD Course in Preparation for Owner Builder Permit

**All individuals seeking to obtain a QLD Owner Builder Permit must first complete the accredited course 39291QLD Course in Preparation for Owner Builder Permit (“Owner Builder Course”).**

## **Prerequisite requirements**

All individuals who wish to apply for a QLD Owner Builder Permit must also be in possession of a White Card (also known as the unit CPCCOHS1001A *Work safely in the construction industry*).

Other than the above, there are no prerequisite requirements to the Owner Builder Course.

For more information regarding Owner Builders in QLD, visit: [www.qbcc.qld.gov.au](http://www.qbcc.qld.gov.au)

## **Qualification**

Individuals completing and demonstrating competence all components of the accredited course will be awarded a Statement of Attainment.

After completing the Owner Builder Course, individuals will be eligible to apply for a QLD Owner Builder Permit.

## **Course fees**

The course fee for the delivery of this course is listed on the relevant home page

of our Website, and it is payable by credit card upon registration/enrolment. Conditions under which a refund would be provided are described in our Student Handbook.

## **Learning Resources and Support**

All learning resources are made available online to individuals enrolling in this Course, and students do not need to provide any materials or equipment (other than a personal computer with internet access). We will provide each student with any support needed via email, and by telephone (where appropriate).

## **Training and Assessment**

Training and assessment is conducted online, and also by telephone where needed.

## **Language Literacy and Numeracy (LLN) Skills**

This course has been designed to redress any deficiencies in students' key LLN skills.

### **Approved equivalent qualifications**

Individuals who hold approved equivalent qualifications are able to apply to NSW Fair Trading for exemption from having to undergo this course. For more information about the approved equivalent qualifications, visit NSW Fair Trading's website at [www.fairtrading.nsw.gov.au](http://www.fairtrading.nsw.gov.au).

### **Skills Recognition (RPL)**

Credit Transfer may give you advanced standing (exemption) for parts of the course that you have successfully completed through other Registered Training Organisations or other courses.

Recognition of Prior Learning (RPL) is available where an applicant may have attained the skills and knowledge equivalent to specific competencies through previous training, work experience or life experiences. We will automatically assess you in this area when you enrol.

### **Accreditation Status**

South Pacific Training Group Pty Ltd trading as Australian Owner Builder Centre (RTO ID 91528) is registered under the *Vocational Education and Training Regulator Act 2011 (Cth)*, and we are responsible for compliance of training and assessment of this study program, as well as for the issuance of AQF certification documentation (if any of these details change, we will promptly notify all affected students). If we (or a third party delivering training and assessment on our behalf) closes or ceases to deliver any part of this study program prior to a student having completed that program, that student will be entitled to a full refund of any course fee paid to us.

### **Course Delivery**

The topics below make up the entire accredited course:

- Owner Builder Roles / Responsibilities
- Building Personnel
- Building Design
- Finance / Loans
- Work Health and Safety Requirements
- Environmental Requirements
- Insurance Requirements
- Contract Requirements
- Approvals / Inspections
- Drawings / Plans
- Estimating and Cash Flow
- Project Management
- Construction Planning
- Communication
- Dispute Resolution (including Negotiation)

The estimated duration of the complete training and assessment program is three days, and as part of the course delivery, we have grouped the above topics into three separate modules:

Module 1 – Intro to Owner Building  
Module 2 – Drawings and Estimating  
Module 3 – Managing the Work
